

Product Data Sheet

Slide N Glide

Mineral Spirits-based Coating

Description:

Slide N Glide is a versatile non-HAP* graphite dry film lubricant formulated to solve a wide variety of industrial lubrication problems. Commonly used on car carrier trailers and agriculture equipment.

- Durable, weather and corrosion resistant
- Will not pick up dirt, dust or grit.
- Ideal for difficult environments where grease is not an option.
- Very resistant to settling, easily remixed

Typical Properties:

Solids Content	: 54.5%
Graphite	: -325 mesh natural graphite
Carrier	: Mineral Spirits
Flashpoint	: 103°F
Weight / gallon	: 9.0 lb/gal
Consistency	: Heavy Fluid
Shelf Life	: 2 years from manufacture date

Method of Use:

Slide N Glide may be applied by brush or spray. Remix before use. Remove dust and dirt from surface before applying. Upon dilution, proper agitation should be employed to maintain graphite in suspension during application.

Precautions:

The customary safeguards employed when storing, handling and applying industrial coatings should be observed. To prevent contamination, container should be sealed when not in use.

Flammable

Please refer to Material Safety Data Sheet for proper first aid instructions.

Container Size:

Cases of (6) quarts cans or (4) 1 gallon cans, 5-gallon pails and 55 gallon drums
